ÚLTIMO ALIENTO

4 de agosto de 2018. Sentí la necesidad de dejarme llevar, de salir de mi zona de confort. Un deseo de escritura improvisada y pura energía gráfica. El reto consistía en publicar un dibujo al día en mi cuenta de Instagram durante más de 200 días (sin contar fines de semana) hasta el 15 de marzo de 2019. Al principio, este western sin palabras no me resultaba tan familiar, pero a medida que avanzaba la improvisación lo sentía cada vez más y más cercano. Disfruta de su lectura, o debería decir... buen visionado.

[redacted] imprimiera el libro, y me quedé boquiabierto con los maravillosos dibujos que hizo! Su [redacted] arte del cómic clásico. Su entintado es magistral y expresivo. ¡En cuanto tenga el libro en mis manos, pienso robar todas las ideas que pueda!
